About Health Care Safe Zone

Health Care Safe Zone is a four-hour alternative to Standard Safe Zone that similarly introduces concepts, terminology and resources related to sexual orientation, gender identity, and gender expression. The curriculum also covers LGBTQ health disparities, health resources, and common health professional scenarios, along with a terminology primer and strategies for allyship. This training is intended to address concerns particular to Health Care professionals, though it is open to all campus and community members.

Register for Health Care Safe Zone

Register for Thursday, February 25th from 1-5pm [1]
