About Nonbinary Pride and Awareness

We celebrate Nonbinary or "Queer" gender identity in early March. International Non-Binary People’s Day has been proposed by a number of groups for July 14th because it falls equidistant between International Women’s Day and International Men’s Day, or on March 14th in honor of Kate Bornstein and their pivotal role in bringing awareness to the existence of non-binary identities.

Schedule of Events

This year, we’ll have an educational session on Nonbinary identities on March 9th at 6:00 pm EST and Center Ambassadors will host "Non-bee-nary Minecraft Social" on March 10th at 7:30 pm EST. Event details will be updated here by Friday, March 5th.
